

STATE OF WASHINGTON
DEPARTMENT OF HEALTH

September 3, 2008

Dear Stakeholders:

We are accepting applications to fill one vacancy and one expired member appointment on the Dental Quality Assurance Commission. The positions are for licensed dentists. The term of office is from date of appointment to June 30, 2012. We are looking for people willing to study the issues and make decisions in the best interest of the public.

Our policy encourages member selection to reflect the diversity of the profession and provide representation from throughout the state.

The commission consists of fourteen members appointed by the Governor. This includes twelve practicing dentists and two public members.

The commission meets about every six weeks. The business meetings are usually scheduled on a Thursday and are followed by disciplinary panels on Friday, and occasional disciplinary hearings on Saturday. The commission works to protect the health and safety of the public.

If you would like to apply for this position, you can complete an application on the Governor's web site <http://www.governor.wa.gov/boards/application/application.pdf>, or print and mail to the address below by September 19, 2008.

Office of the Governor
PO Box 40002
